# Industrial waste fluid collection service

Safe Handling & Disposal of Your Fluids

We can collect your old oil from bulk tanks, marine vessels and large & small containers

Including water contaminated diesel tank removal and emptying bunds

The fact that we can deliver your lubricants whilst handling your fluid requirements, makes us your 1st choice when it comes to managing your fluids!

From the vessel, on the quayside, directly, in large or small quantities for all industry sectors.

We can collect your old oil from bulk tanks, marine vessels and large & small containers, including water-contaminated diesel tank removal and emptying bunds.

## Examples of what we can remove

**Diesel • Oil • Water • Cutting Fluids • Filters • Coolants  
Empty Oil & Fluid Containers**

**20L Drums**

**205L Barrels**

**1000L IBC's**

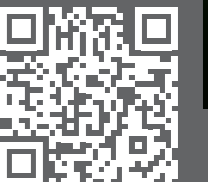

**Bulk Pumped**
